# RAQUEL M JACKSON

These images are from my original design before I had Good Company theatre evaluations. Although I didn't have GC theatre elevations just yet I went ahead and started sketching and these are the product of my original thoughts, I like the idea of sharing with you all where the inspiration originally came from and the process of scaling it down to fit in GC space.

These drawings represent visual concept and construction suggestions only. It is not the designer's responsibility to determine structural appropriateness of the design and the designer does not assume responsibility for improper engineering, construction, handling or use of this scenery.
